Multiple Intelligences Course Description

<p style="text-align: center;"><u>JELIC</u></p> <p>JELIC is a set of learning tools for children aged 2.5 to 6 to develop both hemispheres of the brain. It consists of 450 learning boxes divided in 7 levels, with over 3000 multiple intelligence games.</p> <p>The programme cultivates children's independence in learning, widens concentration span and enhances multi-faceted thinking, problem-solving ability and creativity so that children become confident individuals.</p> <p>Children will engage in activities at least once a week. They will progress at their own pace. K1 children may complete Levels 1 – 2, K2 Levels 3 – 5 while K3 may complete Level 7.</p>	<p style="text-align: center;"><u>Cambridge English</u></p> <p>Cambridge English is a globally recognized English programme, it not only effectively enhances children's ability to listen, speak, read and write, but also improves children's interest and confidence in learning English.</p> <p>The lessons cover the syllabus of the Cambridge young learners English programme as well as practice tests, which develop children's exam technique to better prepare them for the tests.</p> <p>Based on the children's individual ability, the teacher will recommend to parents their eligibility to sit for the exam. (The course fee is not inclusive of the examination fee.)</p>
<p style="text-align: center;"><u>Fun Board Games</u></p> <p>Playing board games enhances children's interest in learning. Through playing different board games, children will develop their mathematical logics, increase their concentration and observational skills, whilst encouraging composure and cultivating the right attitude towards playing games.</p>	<p style="text-align: center;"><u>Creative Art</u></p> <p>Through a variety of arts and crafts activities, this course encourages imagination and nurtures children's creativity whilst stimulating their brain development.</p>
<p style="text-align: center;"><u>Junior Master Chef</u></p> <p>Through cooking different recipes children will unleash their cooking talent and learn about healthy eating habits and table manners. Literacy, numeracy and science concepts will be expanded as children learn about food and its preparation. Furthermore, their fine motors and hand eye co-ordinations will also be strengthened.</p>	<p style="text-align: center;"><u>Reading (Chinese & English)</u></p> <p>Through independent reading and shared reading, children's interest in reading will be enhanced, their vocabulary and language skills will also be strengthened.</p>
<p style="text-align: center;"><u>Phonics</u></p> <p>Phonics is the foundation for young children to learn English. In this course, children will learn phonics through games which fosters their interest in English and promotes their self-confidence to listen, speak, read and write.</p>	<p style="text-align: center;"><u>Putonghua</u></p> <p>To promote children's interest in learning Putonghua and enhance recitation and language skills, activities in this course will include reading aloud, practicing tongue twisters and singing children's rhymes and songs.</p>
