Lego STEM Programme - Little Architects

Dear Parents,

With the aim of developing children’s logical thinking skills and nurturing their independent thinking skills and creative abilities, our school has collaborated with LEGO® Education on a Lego STEM Programme - Little Architects. The course focuses on encouraging children to explore independently and participate in hand-on learning activities. This programme will also develop children’s creative thinking and problem-solving skills as well as their cooperation skills in group activities. The course is comprised of 6 levels of 10 lessons each. Upon completion of each level, children will receive a certificate from LEGO® Education.

| Course Code | Dates | Programme | Students | Time | Fees |
